## Why do we use cookies?

Cookies enable us to tailor our website and to provide you with better information.

## What cookies do we use?

We use the following cookies:

- Strictly necessary cookies – those that are required for the operation of our website. They include cookies that enable you to log into areas of our website. They do not gather information about you that could be used for marketing purposes or remembering where you've been on the Internet.
- Analytical/performance cookies. These allow us to collect information about how you use our website and if you experience any errors. These cookies do not collect any information that could identify you. All of the information collected is anonymous and is only used to help us improve the way our website works.

You can find up to date information about some of the individual cookies we use, and the purposes for which we use them, in the table below.

Generally, cookies which are strictly necessary for the operation of the website will expire when you leave the website. Other cookies may be more permanent or not expire unless you actively delete them.
